## PURPOSE AND CONTENT

The overall educational objective for the Annual Meeting of the American Association of Plastic Surgeons is to disseminate current and advanced knowledge in the field of plastic and reconstructive surgery among professionals who are involved in this specialty. This knowledge will be conveyed through structured scientific presentations and discussions of papers that contain original information and/or long-term follow up of sound basic principles in plastic and reconstructive surgery. The panel session will be **"Surviving in Different Economic Times"** moderated by James E. Zins, MD. This year's AACPS panel is titled **"Plastic Surgeons: The Ideal Leaders in Academic Surgery"** moderated by L. Scott Levin, MD.

Since the meeting is attended by members of the Association and invited guests, ample time has been allocated for each academic presentation to allow full discussion by all professionals who wish to contribute to the educational objectives of our meeting. The overall objective of the educational format is to maximize information sharing so that patients may benefit from the practice of plastic and reconstructive surgery.

*Learning objectives will be posted online prior to the Annual Meeting.*

## WELCOME TO RANCHO MIRAGE

*The AAPS membership will be thrilled with the 2009 Annual Meeting in Rancho Mirage, California. The Westin Mission Hills Resort & Spa is set on 360 beautiful acres and surrounded by extensive waterways and landscaped courtyards. Exceptionally fine accommodations and extensive indoor and outdoor venues truly offer something for everyone.*

*The Palm Springs area is noted not only for its gorgeous year-round weather, but also for leisure activities, recreation, and world class dining. Dr. Robert Hardesty, Chair of the Local Arrangements Committee, assures us that you will experience true captivation in this desert paradise.*

*The Resort offers two championship golf courses for their guests and features the only Gary Player Signature Course in the area. Outdoor heated pools, tennis, horseback riding, bicycling, the spa, and the Westin Kids Club Discovery Room are all available in this lush desert oasis.*

*The spectacularly successful aesthetic symposium will precede the Association meeting on March 21-22. Under the leadership of Dr. Bahman Guyuron the program has become a valuable educational opportunity offered with the Association meeting. Please arrive early and take advantage of this unique aesthetic educational program.*

*The Annual Meeting will open on Monday, March 23, when we welcome the new members, present our awards and scholarships, and begin the scientific portion of the program. Dr. James Zins and his Scientific Program Committee deserve our gratitude for developing an outstanding scientific program which will encourage discussion and facilitate the exchange of scientific information.*

*The Women Surgeons Luncheon was a great success in both the Coeur d'Alene and Boston AAPS meetings and will again be offered on Monday, March 23, at the Westin Resort.*

*The program will conclude with the traditional Presidential Reception and Dinner Dance on Tuesday evening. This will be an exceptional, elegant event to be enjoyed and remembered by all.*

*The complete program can be viewed at our website: [www.aaps1921.org](http://www.aaps1921.org). Please join us in Rancho Mirage in March, 2009.*
